Annual Health Checkup: 2019

Fiscal Year 2019 Recap

Hope, love, and joy abound within The Goodtimes Project community! In this, our sixth year of operation (FY19), we further matured as an organization—cementing internal processes, setting and attaining stretch goals, and operating our programming at capacity—while staying true to our mission of creating caring spaces for pediatric cancer families to connect and for kids to be kids. Our donors' support helped us more than double overall participation while maintaining high-quality programs, and our network of volunteers were instrumental in helping us pull it all off. In the year ahead, our focus remains on serving the largest number of families possible and infusing their lives with good times.

In Their Own Words First-hand quotes received from camp or retreat participants.

"Best week of the year. Every year I ask which day is better, Christmas or "go to camp" day. Answer NEVER changes. It's always camp. Absolute magic—with some serious personal growth—happened for my kiddos this year. They always come back with more confidence and personal positivity, and this year was doubly so."

A First-Time Family's Perspective

Camp Goodimes: June 2019

"Thank you so much for inviting my children to camp and caring for them so well. Their days are brighter and their lives even fuller with possibility from the shear JOY, the open HEARTS, and the precious PLAY you ALL provided. YOU have without a doubt instilled in them the importance of SNOJ, LOVE, & HEART. I appreciate it all.

I teach my babies to live that way; and it is so amazing to have them experience something just like they've been taught outside of our home. Life is about bridging communities, building relationships, and LOVING BIG! You at THE GOODTIMES PROJECT do just that!"

Thanks to all who help make us fiscally healthy and mission focused!
