## Dashboard

Once you login you'll see the dashboard. This is where you navigate to find different games. You can also create a game if you want to make some custom trivia for your cabin or for an activity period.

## My Collections

On the left-hand menu, click "My Collections" or in the main Dashboard click "See All" next to "My Collections"

Select a collection:

- **Camp Goodtimes:** fun games for all ages, wide range of topics
- **For Teens:** games for older kids, questions may be difficult for those younger than 13
- **Wheel of Fortune Dad Jokes:** collection of games all related to dad jokes
- **Long quizzes:** good for when you only have a couple of campers

Game types:

- **Grid** = Jeopardy
- **List** = Family Feud
- **Trivia** = Classic trivia
- **Wheel** = Wheel of Fortune

## Playing a Game

### Start a game

- Select the game you want to play
- Click "Play" button
- Choose a Display Option
  - Trivia: recommend using Basic
  - Grid: recommend using Presenter
  - List: recommend using Presenter
  - Wheel: recommend using Presenter

### Using the Basic Display Option

- Click Launch Game
- Enter team names, can do individual campers, or assign teams
- Click Lets Play
- Share screen w/ game window showing

## Using the Presenter Display Option

- This option allows you to control the game “behind the scenes” by opening two different windows, one for participants to see, and one for you to use. This will show you correct answers without letting the participants see.
- Click Launch Presenter
  - A new tab will pop-up
  - Click Show Code
- Navigate back to the game window Click Launch Controller
  - Enter team names
  - Click Lets Play
  - Enter the code and click Play
  - Use this window to control the game, campers will see the presenter mode
- Sharing your screen
  - You will only want to share the presenter view
  - Make the presenter tab its own window (nothing else open in the browser)
  - When sharing screen in Zoom, only share that window

## Playing Different Game Types

### Trivia

- Click to advance to the next question
  - Can allow campers to answer before showing the multiple-choice options to earn extra points
- Click to advance to show the multiple-choice answers
- Click an answer to reveal if it’s correct or not
- On correct responses, the point total will pop up, if only awarding points to one person at a time, select the team it should go to.
- If awarding points to anyone who guessed correctly, click team names to adjust individual scores
- Once finished, click on trophy icon in upper left corner to display the winner

### Grid (*like Jeopardy*)

- Click through to display today’s categories
- Allow campers to select a question to answer, example: retail for 200
- Click on selected grid
  - Top bar will show what audience is seeing
  - Bottom bar will show correct answer (for only you to see)
- Once a camper answers:
  - If correct, click green check mark next to point total at bottom
  - If incorrect, click red minus
- Click on the team to allocate plus or minus points
- Click grid icon in upper left corner to return to the board
- Once finished, click on trophy icon in upper left corner to display the winner

### **List (like Family Feud)**

- Click on one round at a time
  - Click to advance to the question/category
  - Click to advance to the answer list
- Campers provide answers
  - If they give an answer that is on the board, click on that answer to reveal it
  - If they give an answer not on the board click the circle with three X's in the top right menu
- Three strikes = opportunity for another team to steal
- Once all answers have been revealed click grid icon in upper left corner to return to the rounds
- If someone forgets the question:
  - Click the Q in the upper left corner to go back to the question
  - Can toggle between Q, question, and A, answer, views
- Assign points by clicking the green arrow and then clicking the team they should be awarded to
- Once finished, click on trophy icon in upper left corner to display the winner
